

# Our future FHFT

Our 2024-2025 objectives

Frimley Health  
NHS Foundation Trust

## Vision

To be a leader in health and wellbeing, delivering exceptional services for our local communities

### Strategic ambition

### 2024-2025 objectives

Improving quality for patients

Achieve the aims of our Care Quality Programme (aspiring to a CQC rating of Outstanding) alongside delivering improvements in patient experience and safety

Supporting our people

Be a 'great place to work' by delivering improvements in employee experience and retention

Collaborating with our partners

Achieve our cancer, elective (waiting list) and emergency care targets

Transforming our services

Deliver strategic programmes including the Community Diagnostic Centre in Slough, the Diagnostic and Inpatient Unit (formerly M Block) at Frimley Park Hospital, the Getting It Right First Time (GIRFT) programme, and identifying our new Frimley Park Hospital site for 2030

Making our money work

Achieve our financial plan, improving our productivity and carefully managing our capital spend

Advancing our digital capability

Ensure we are maximising the benefits of Epic (our new digital patient record system) alongside the delivery of the digital projects portfolio for this year

Committed to excellence

Working together

Facing the future
