Using the

NHS Knowledge and Library Hub

Frimley Health
Library &
Knowledge Service

Search journal articles, e-books, guidelines and clinical decision tools, **all in one place**.

Go directly to full text, as an immediate download or on request from an NHS library.

Avoid the less-reliable sources you might find in a general web search.

To start searching, go to https://library.nhs.uk/fhft

Or scan the QR code

Type your search words in the box and click *Search*

You can search for a topic, a journal article or a book/journal title

Change your search

1 Add or remove search words in the **search box**.

2 See your **Search History** to combine results of different searches.

3 Alter the search options under **Current Search**.

4 Add **limits** to narrow your results by date, type or other options.

View your results

5 Click **Relevance** to sort your results by date.

6 **Page Options** lets you change the layout and increase the number of results displayed.

7 The **detail** icon on each result shows you more information.

Get the full text

8 Clicking **Get PDF**, **PDF Full Text** or **Access Online** will take you to an online copy you can download.

9 Clicking **Request this item** will open a request form to send to your library.

Manage your results

10 **Sign In** to save your results and searches.

11 **Add a result** to the Folder by clicking the folder icon

12 Open the **Folder** to see saved items, print or export results, and share folders with other searchers.

13 **Create Alert** will let you know when new articles match your search.

14 **Share** lets you quickly add results to the folder or create alerts.

Continue your search

15 Choose any of the buttons in the righthand column to open a new search in another database or search tool.
